OAKHAVEN
El Dorado
by Blue Mountain Communities

# Come Learn & Play

Just up the road from Oakhaven, you'll soon find the magnificent and exciting Bass Lake Regional Park.

The proposed Bass Lake Regional Park includes a beautiful lake with a natural corridor for wildlife. Here visitors will enjoy grazing deer, bird watching, and endless natural flora and fauna.

The 200+ acre Bass Lake Regional Park will be a community asset where families, kids, schools, and anyone in the region can experience the park setting on the west side of the lake, the active ballpark, and the dog park. A multi-use trail connects the west side of the park to the east side. The east side of the park is envisioned with picnic areas along the trails and a possible disk golf area in the vicinity.
