## Expand Your Horizons Right At Home

The community of Provence offers an artful blend of location, convenience, and variety. Our townhomes are perfect for individuals and families who love the city, but also value the comforts of their own home.

Provence embodies the possibility of enjoying a beautiful home with a convenient urban location at a great value. Located in the Natomas neighborhood of Sacramento it offers all this and more. Open floor plans, packed with features, were designed to suit today's lifestyle while the curated architecture lends to its aesthetic appeal.

Provence's convenient location provides community amenities right outside your front door, including a pool and walkable shopping and restaurants. The Natomas area is renowned for highly acclaimed schools, a strong sense of community, and more parks than any other part of Sacramento. It is also near some of the best career opportunities in Northern California – from high tech, to government, to healthcare.

Living here you will discover that there is never a shortage of things to do, see, and explore.

The booming Sacramento Metro Area is home to such attractions as the Golden One Entertainment Center, historic Old Sacramento; the California State Capitol Museum; the Sacramento Zoo, and much more.

From a splendid array of parks, dining, and shopping to some of California's top attractions, you'll be right in the center of it all.
